Birthday: November 13, 1986 in Vitoria, Spain

## EDUCATION

- 2010 – Curr. **Master's Degree Programme in Wireless Communications Engineering (WCE), Oulu University, Finland**
- 2009 – 2010 **Telecommunication Engineering studies, Oulu University, Finland**
- 2004 – 2009 **Telecommunication Engineering studies, University of the Basque Country (UPV), Bilbao, Spain**
- 2001 – 2003 **High School Colegio Sagrado Corazón Ikastetxea, Vitoria, Spain**

## WORK EXPERIENCE

- 9/2011 – Curr. **Master's Thesis worker, Nokia Siemens Networks (NSN), Oulu, Finland**  
I am incorporating the Software Quality metrics I defined in my Summer trainee period (see below) into a continuous environment in order to automate metrics calculation. The environment should be useful in a Agile development.  
*- It is a challenging job where I am collaborating with another Master Thesis worker. I am learning to work with Finnish colleagues as well as technical aspects about Radio Platform and Software development.*
- 9/2011 – Curr. **Spanish teacher, Oulun Kansalaisopisto, Oulu, Finland**  
*- I am developing my communication skills because I have to talk in several languages in front of a group of people with very different backgrounds. Furthermore, I am meeting a lot of interesting people and I am learning more about the differences between the Spanish and the Finnish culture.*
- 6/2011 – 8/2011 **Summer trainee, Nokia Siemens Networks (NSN), Oulu, Finland**  
My main task was to define some Software Quality metrics in order to establish the basis for my Master Thesis. I worked in cooperation with another Master Thesis worker.  
*- I learnt how a big company works and I got the overall picture of NSN way of working in particular. I needed to arrange several meetings with R&D Managers, Quality Managers and so on, giving me the opportunity to learn about technical issues and about the Finnish working culture.*
- 9/2007 – 9/2009  
7-8/2006 **Sales assistant, sports shop, Decathlon S.A., Vitoria, Spain**  
*- I learnt to develop my problem solving and negotiation skills. The teamwork was very important and the motivation of the people that were in my charge as well. This job taught me how to deal with customers in many different situations.*
- 2005 – 2009 **Mathematics and physics private teacher, 4 different families in Vitoria, Spain**  
*- I learnt to work with different kind of people. This job taught me to adapt myself to other people's rhythm and I learnt to be patient and understanding. I was able to organize my own ideas for explaining new concepts clearly.*

6-8/2003 – 2005 **Dentist assistant, Doctor Roberto Fernandez, Vitoria, Spain**  
- *This was my first job and it has been very important for me because I had my first contact with the customer service. It was very important to be nice with the patients and to try to calm them down before being with the doctor. Therefore, talking with them was essential.*

## **SKILLS**

### **IT skills**

Operating systems: - *I am able to use **Windows** (good), **Linux** (good), **Unix** (good) and their Office-packages*

### **Language**

Spanish *Mother tongue*  
English *Good*  
French *Good (elementary school in French)*  
Basque *Medium level*  
Finnish *Basics (attending Intermediate Finnish 2 Course)*

## **ORGANISATIONS**

5/2011 – 10/2011 **Student tutor, University of Oulu, Finland**  
I was Student tutor of 6 International Students. I helped them during the preparation for the experience in Oulu and their arrivals.

2004 – 2009 **Student Council member, Bilbao, Spain**

2004 – 2009 **University Students' Organisation member, "Delegación de alumnos", Bilbao, Spain**  
Organizer of "PESTI" days in the University of the Basque Country (UPV) in Bilbao student tutor programme.

## **HOBBIES**

Aerobics: I go to the gymnasium 3 times per week and I play team sports with my friends once per week.

Photography: I am a photographer... just for fun!

Formula 1: I follow the Formula One World Championship every year and I like reading and learning about technical matters related with this World.
